What’s Your Millenia?

Some of the years may overlap depending on the source, but if you want to know which group you belong to — here’s a general breakdown:

Generation X: born roughly 1965-1980

Generation Y: Born 1980-2000 (this group is sometimes referred to as Millennials).

Generation Z: Those born between 2001 and 2021. The question is: What will we call the next generation that comes after Z?

Something to Think About

An elder Cherokee Native American was teaching his grandchildren about life. He said to them, "A fight is going on inside me. It is a terrible fight, and it is between two wolves. One wolf represents fear, anger, envy, sorrow, regret, greed, arrogance, self-pity, guilt, resentment, inferiority, lies, pride, and superiority. The other wolf stands for joy, peace, love, hope, sharing, serenity, humility, kindness, benevolence, friendship, empathy, generosity, truth, compassion, and faith. This same fight is going on inside of you and every other person too."

The children thought about it for a minute and then one child asked his grandfather, "which wolf will win"? The old Cherokee simply replied: "The one I feed."
